Phone: (b)(6) (Cody HENNING'S cell phone)

ALTERNATE RECOMMENDATION: The inspection results merit a Warning Conference according to condition 6.d.(6) of the current ATF Adverse Action Policy. The results further merit a Warning Letter according to conditions 6.c.(7), 6.c.(12) and 6.c.(13). An alternate recommendation of a Warning Letter with no recall inspection is recommended due to the licensee taking immediate action to correct the violations and his low-volume of business activity.

13. REVIEW AND ROUTING

REVIEW COMMENTS AND RECOMMENDATION

ALTERNATE RECOMMENDATION: WARNING LETTER ONLY – NO RECALL

The inspection meets the standard for a Warning Conference under the Administrative Action Policy (2/8/2013). The licensee was cited for failure to record any ID on Forms 4473 on 16% of forms [redacted] form) – WC at Sec 6.d.(6). Additional violations include failure to file multiple handgun sale reports in [redacted] instances [redacted] firearms) – WL at Sec. 6.c.(7); failure to execute a F4473 and conduct NICS checks in [redacted] instances for a consignment return – WL at Sec. 6.c.(12) & (13), respectively.

JUSTIFICATION FOR ALTERNATE: The licensee is a low-volume dealer, who completed only three transfers in the last year. The low volume of forms led to the higher error rate on buyer ID discrepancies. Although this violation is repeat in nature, the current recall inspection occurred beyond the 5-year threshold. None of the violations adversely affected public safety. No inventory on hand. No traces. No losses. The licensee was receptive to the corrective actions and made immediate corrections and/or took steps to prevent future violations. He will be inspected in the future on a 5-year rotation.

RE: 5-48-107-01-8G-00037

Dear Mr. Henning:

This letter summarizes the issues discussed with you during the recent compliance inspection conducted on November 15, 2016, related to your Federal firearms license. The inspection covered the period of November 15, 2013 to November 15, 2016. During the inspection, your business was cited for violations of Title 27, Code of Federal Regulations, Part 478. A copy of the Report of Violations, Form 5030.5 issued at the time of the inspection is enclosed.

All violations were fully explained to you by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) Investigator(b)(6). You indicated that you understood the requirements of the firearms laws and regulations. Additionally, you assured IOI(b)(6)that you would take action to prevent future violations.

The records you are required to maintain are important to law enforcement in our continuing efforts to reduce violent crime and protect the public. It is essential that you comply with all Federal laws and regulations that govern your activities as a licensed firearms dealer. This is critical to ATF carrying out our mission to protect the public and ensure that criminals do not gain access to firearms. ATF appreciates the efforts you and other industry members make in this area and we look forward to continuing to work with you in that regard.

You are reminded that retention of your Federal firearms license is conditioned upon your compliance with Federal laws and regulations. Any future violations, either repeat or otherwise, could be viewed as willful and may result in the revocation of the license. If you have any questions regarding this matter, please contact Investigator (b)(6) or the ATF Kansas City Group III Office at (816) 410-6000.

Sincerely,

(b)(6)
